PVC WALL & CEILING
FLUTTED PANELS

ABOUT US

PVC WALL & CEILING FLUTTED PANELS is a new type of environment friendly product for wall & Ceiling decor. It has the characteristics of 100% waterproof, fire retardant, termite proof, & Recyclable.

Our Products are widely used in home, school, offices, showroom, production plant, hospital, hotels, marriage palace, etc.

We have been developing the array from the best possible quality raw materials for adding strength, durability and performance to the same. Our patrons can avail the range in varied specifications from us as per the demand and need.

Available in a wide range of color and designs. If required these panels can be easily uninstalled to relocate from one place to another.

- It is resistant to termites and other wood boring insects
- Excellent thermal insulation properties
- Cutting, sanding, drilling and fabrication with conventional wood working tools.
- Fire retardant
- Water, moisture and chemical resistant
- Maintenance free as it does not require paint, varnish or polish
- Wide colour & designs range with wood like finishes
- Environment friendly as it is 100% recyclable
- Easy to fabricate
- Good acoustic property
